

September 13, 2011

It's meeting time again. **Please note at the end of this email, the time, date and directions are written in red.**

Our monthly meeting is Thursday night, and we should have a great deal to discuss regarding our AL FairTax Educational Organization. Tomorrow we will have our first meeting of the Board of Directors. There we will discuss and adopt the by-laws, and elect a slate of officers. Then we will discuss our wish list for what we hope will be a continuing source of income to support informing everyone in the state about the FairTax. We will be working harder and smarter to set up a significant structure in each of the districts, and repeat the success that we have had in the 5th district. We want to make it impossible to run for office in this state without expressing support for the FairTax.

President Obama wants to spend another \$500 billion to stimulate our economy. We have a plan that will really work, and do so without driving our country into bankruptcy.

Many of us watched excitedly as the Republican candidates were asked about their support of the FairTax. Unfortunately Wolf Blitzer didn't see fit to let each candidate respond, and the one candidate who did respond expressed his uninformed opinion that it would target the middle class unfairly. This is not true, but the answer shows the unfortunate need for many politicians to attempt to pick winners and losers. The FairTax taxes each citizen equally, and recognizes that the money we earn is ours, first. It does not tax necessities, and it removes the government's ability to engineer our behavior via the tax code.

A press release is being sent to the media by grassroots organizations to rebut the misinformation. Feel free to notify your favorite websites, talk shows and candidates that we will not allow misinformation to go unanswered.

Last month we attended the quarterly meeting of the Alabama Patriot's Hub. It was a very informative meeting, and afterword we had the chance to meet with the chiefs of staff of our State Representatives. We had a very positive response from most of the offices, and are working on meetings with the Representatives themselves.

We also had a meeting with Denel Wardell who is going to set up our new website. It should address the needs of all the state, and be informative, and current. We want to make it a place you will want to check out frequently, and a place you can go to find information about the FairTax. I understand that we will be able to send out our newsletters without having over half returned as spam. That will be quite a relief, and it will also insure that you will always receive your newsletter in a timely manner.

Our speaker will be Judy Parsons, who will tell us about a grassroots effort to eliminate voter fraud. She is representing [True the Vote](#). You can check out their website, or come to the meeting and let Judy explain what they are doing to keep the dead from voting.

See you at our next meeting on September 15th at 7:00 PM. The time, place, and directions can be found at [ALFairTax.com](#). District 5 information can be found by clicking on the number 5 above the map on the home page or you can click [here](#). For those who regularly attend, the meeting is at the regular time and place.

As always, if you would rather not receive our emails, [notify us by email](#) so we can take you off our list.
